# Hydrotherapy Hints & Tips

## WHAT IS HYDROTHERAPY?

Hydrotherapy is the therapeutic use of warm water. Warmth, buoyancy and massage are the three factors at work. In a sense it acts like physiotherapy improving circulation, relieves muscle strain and loosens joints and muscles. Hydrotherapy also improves the cardio-vascular fitness and respiratory functions. Hydrotherapy will make you feel better the natural way

- Immersion in warm water raises the body temperature resulting in increased circulation allowing muscles to rejuvenate and heal
- The buoyancy of water reduces body weight by up to 90%, relieving pressure on muscles and joints allowing them to relax and recover
- The massaging action of a whirlpool relaxes tense muscles, improves circulation and leaves the bather physically and mentally relaxed.

## WHAT ARE CUSTOMERS LOOKING FOR WHEN SELECTING A WHIRLPOOL/AIR SPA SYSTEM?

Advanz consumer research identified the following key issues.

### The ideal whirlpool

- Combines a well designed bathtub with high performance luxury jets
- Have its jets strategically placed to act on all key sections of the body.
- Allow the bather to adopt a comfortable position
- Allow the bather to alter the power of the massage jets slightly to achieve the desired effect.

### Hygiene standards (after use drain down)

Ease of cleaning

### Power of jets

- Ability of massage stream to effectively target key body parts

### Back jets

- Location, number and effectiveness of Back jets

### Ease of operation

- Most people prefer simple effective controls with little gadgetry

### Perception on affordability

- Many consumers have a perception (wrongly) that Jacuzzis/whirlpools are expensive and beyond their budget
- Reality value for money (prices) has changed radically during the last 5 year to the consumers benefit.

## How long will they last - The guarantee - Made in Ireland

- For Whirlpool and Air-spas - 2 years on Pumps, Air blowers & controls
- 5 years on pipework

## WHY CHOOSE ADVANZ HYDROTHERAPY WHIRLPOOLS, AIR SPAS?

Our business philosophy is one of using innovative, leading edge, patented, technology, to satisfy these needs

### 1 . HYGIENE BECAUSE:-

The Advanz Optima System is designed manufactured and assembled to give the most hygienic hydro massage systems in the World.

The post use water release and drain down is second to none because

- The design of the ADVANZ Super-Jet and Patented "White eyeball" ensures 100% Jet drain down
- The unique "Sag- resistance" curved Solid piping ensures complete pipe drain down
- The triple drainage system ensures jet, delivery pipe and both suction pipe and pump drain down

### 2. The Bathtub Because

The bath tubs are manufactured by Carron at their base in Falkirk Scotland. Design and excellence, make them Europe's leading bath manufacturer. Carron's diverse portfolio provides Advanz with a range of baths, sizes and styles to suit every taste and every home.

### 3. HIGH PERFORMANCE BECAUSE

- The ADVANZ Super-Jet and Patented “White eyeball” provides a powerful massaging stream consisting of millions of penetrating bubbles
- The ADVANZ Super-jet design, together with its position in the bath ensures that the massage stream targets key body parts
- The Back jets target the lower body

### 3. GOOD AESTHETIC APPEAL BECAUSE

- Size and presentation is “easy on the eye”
- The ADVANZ bath selection allows the discerning customer to effectively design their own Bathroom suite

### 4. EASILY TO OPERATE BECAUSE

- Clear easy to operate yet highly functional controls

### 5. LOW MAINTENANCE BECAUSE

- No hidden moving parts in the jet

### 6. THE PERFECT WHIRLPOOL EXPERIENCE

Wide choice of optional extras:

- Unique Neck Massage
- Headrest
- Mood Enhancing Lighting Options
- Inline Water Heater
- Unique selection of tubs to choose from

## TIPS ON WHAT TO LOOK FOR WHEN COMPARING DIFFERENT BRANDS

When selecting a system to suite your needs it is very important to

1. Study the Key features in the Bath itself such as the
  - a. Design/shape/size particularly the bathing showering soaking space versus your/ your family’s needs
  - b. Position of actual jets in Bath –
    - i. Visualise yourself in the bathing position
    - ii. Look at the position/direction of the massaging streams
    - iii. Back, sides, feet
    - iv. Do they suite your needs would you like some changes?
  - c. Examine (Hand test) the massaging penetrating effect of the Advanz. massage stream
2. Look under the Bath
  - a. Study the design and installation features with particular emphasis on hygiene and water drain down
    - i. The Jet
    - ii. The Pipe work
    - iii. The pump installation and its drain out potential
3. Optimizing the Bathroom space/Beauty ambiance to
  - Suit your needs
  - Suit your Budget
  - Suit your Individual taste
  - Suit your desired sanitary ware

## FREQUENTLY ASKED QUESTIONS

### **Q. How much does it cost to operate the whirlpool system?**

R. Approximately €0.01 per 1 hour of use.

### **Q. What type of bath do you recommend?**

R. The Advanz system can be fitted to a wide variety of baths

Our new brochure displays a variety of options allowing for available space, customer's special needs and specific requirements such as

- Need/or not to have a shower system installed over the bath
- User' height(length)
- Special jet position requirements such as no of Back Jets
- Available space shape and size of Bathroom
- For the best effect we recommend that the bath should have good width, depth and length

### **Q. Why do I need back jets?**

R. One of the most common complaints is back pain. Without back jets in a whirlpool system, the system can provide very little relief for this problem.

### **Q. What can go wrong?**

R. Very little: there are no moving parts in the system other than the pump. The quoted failure rate on pumps is 1 in 1000. (0.1%)

### **Q. What guarantee do I have?**

R. 2 years on Pumps, Air Blowers, Controls and all fittings.

### **Q. Open pipe(Tee piece) under lip of bath (Black tee)**

R. Its an air intake and must be left open.

### **Q. Where do I connect the water to the system?**

R. The system is self contained, you just fit as normal. Bath is plumbed as normal bath.  
Need an electrical supply

### **Q. What is the chrome knob on the bath for?**

R. It's to control the flow of air through the 6 jets nearest your sitting position.

### **Q. Should I put the power switch outside the bathroom?**

R. Yes, It can be fitted like a power shower.

### **Q. How do I clean the bath?**

R. See "cleaning your system" in installation and operating instructions
